

Comprehensive History of Psychology

This book is a simple introduction to the history and various systems of Psychology. It provides a basic understanding of major systems and theories in psychology in a comprehensive way. It covers in detail the historical backgrounds taking place before the emergence of each system. As such, it provides a better understanding about the historical emergence of status of psychology and in beginning its separation from philosophical traditions. It covers a lucid discussion with emphasis on the antecedent forces of all the important systems of psychology. Besides the traditional systems, it also includes in separate chapters a discussion on the COGNITIVE PSYCHOLOGY, the EXISTENTIAL PSYCHOLOGY, the HUMANISTIC PSYCHOLOGY and the INTERNATIONAL PSYCHOLOGY. An overview of psychology in India has also been one of the salient features of the book. This will briefly introduce to teachers and students about what the Indian psychologists are doing.
